SUBJECT No. 273.

Sanitary improvements in Seringapatam.

Messrs. B. Narasinga Rao, Mysore District Board, K. Krishnachar, Veene Rangaswami Iyengar, Seringapatam Taluk, and Nanjunda Setti, Seringapatam Municipality.

Summary of discussion.—(*a*) Last year it was said in the Assembly that the question of improving the towns of Ganjam and Seringapatam was noted for consideration. Hitherto nothing has been done. It is prayed that orders may be issued for improving them early by the introduction of a drainage scheme and water-supply through pipes. (*b*) The Revenue Sub-Division Office and the Sub-taluk now at French Rocks may be removed to Seringapatam.

Reply of Government.—(*a*) The projects will be hastened. The Chief Engineer will be asked to try an oil engine and Jewell filter and to report whether water can be pumped by means of electricity.

(*b*) Will be considered after improvements to the town are effected.

SUBJECT No. 274.

Land revenue derived within municipal limits to be credited to municipality.

Mr. Nanjunda Setti, Seringapatam Municipality.

Summary of discussion.—Seringapatam is both a historical place and a place of pilgrimage. The receipts of the municipality are not sufficient to meet its expenditure. Just as in the Bangalore Municipality the revenue from the lands situated within the municipal limits may be credited to the Municipal Funds.

Reply of Government.—Noted (*vide* General Subject No. 165).

SUBJECT No. 275.

An additional in-patient ward at Mysore.

Mr. Amble Anniah Pandit, Yedatore Taluk.

Summary of discussion.—The existing in-patient wards in the General Hospital at Mysore are not situated in a healthy locality. The wards may be built on the vacant site to the east of the Hospital.

Reply of Government.—A new hospital will be built.

SUBJECT No. 276.

Yedatore extension.

Messrs. Amble Anniah Pandit, and Ranga Setty, Yedatore Taluk.

Summary of discussion.—More than half the number of agrahar houses made a gift of by H. H. the late Maharaja Sri Krishnaraja Wodeyar Bahadur in the Yedatore kasaba have gone to ruin, while the *vrittidars* are enjoying the inam lands. The Government may be pleased to compel these *vrittidars* to build houses in the extension, as has been done in the case of the Agrahar inams of the Seringapatam Naul Krishnadas Charities.

Reply of Government.—The matter is under investigation.

SUBJECT No. 277.

Improvement of the Hunsur town.

Messrs. Tiruvengadasami Mudaliar, Hunsur Taluk and H. N. Appiah Sastri, Hunsur Municipality.

Summary of discussion.—It is necessary for the proper sanitation of the Hunsur town that the congested parts of it should be opened out, that the holageri should be removed to a distant place, that the Munesvara and Tippe Kavals at present in the enjoyment of the Imperial Cattle Depot should be taken over by the Mysore Government and allotted for the extension of the town on the northern side.

Reply of Government.—Will be considered when the Kavals, the question of whose retrocession to the State is under correspondence, are delivered back by the British Government.
